

The Journal of **EXTRACORPOREAL** *Technology*

Volume 53, Number 1

March 2021

ORIGINAL ARTICLES

- 7 International Pediatric Perfusion Practice: 2016 Survey Results**
Ashley Walczak, Thomas Klein, Jordan Voss, Vincent Olshove, Rajeev Gupta, Tatiana Averina, Luiz Caneio, and Robert Groom
- 27 Zero-Balance Ultrafiltration during Cardiopulmonary Bypass Is Associated with Decreased Urine Output**
Alfred H. Stammers, Eric A. Tesdahl, Linda B. Mongero, Kirti P. Patel, Courtney C. Petersen, Jennifer Arriola Vucovich, and Jeffrey P. Jacobs
- 40 Clinical and Hematological Outcomes of Aminocaproic Acid Use During Pediatric Cardiac ECMO**
Madison Coleman, Joel Davis, Kevin O. Maher, and Shripasad R. Deshpande
- 46 Antiphospholipid Syndrome and Cardiac Bypass: The Careful Balance between Clotting and Bleeding**
Kelly Ural and Jaclyn Edelson
- 50 Effects of Modified Ultrafiltration on Thromboelastographic Profile after Pediatric Cardiac Surgery**
Umair Abbas, Rohit S. Loomba, Cynthia Urbas, Yi Li, and Chawki El-Zein
- 57 Point-of-Care Measurement of Kaolin Activated Clotting Time during Cardiopulmonary Bypass: A Single Sample Comparison between ACT Plus and i-STAT**
Nousjka P. A. Vranken, Amber J. A. J. Theelen, Tamar Orbons, Paul J. C. Barenbrug, and Patrick W. Weerwind
- 62 Intraoperative Cell Saving: Is the Solution the Actual Problem?**
Krishnan Pillay and Shobashini Perumal
- 68 Amiodarone Extraction by the Extracorporeal Membrane Oxygenation Circuit**
C. Griffin McDaniel, C. Cole Honeycutt, and Kevin M. Watt

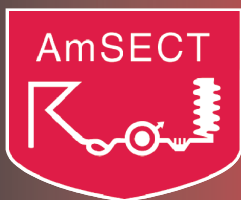

TECHNIQUE ARTICLE

- 75 Hematic Antegrade Repriming: A Reproducible Method to Decrease the Cardiopulmonary Bypass Insult**
Juan Blanco-Morillo, José María Arribas-Leal, Piero Farina, Angel Luis Fernández-González, Ángel Sornichero-Caballero, Pablo Ramírez-Romero, Tyler N. Chen, Diego Salmerón-Martínez, and Sergio Juan Cánovas-López

Introducing the New and Improved AmSECT University!

A few of the features of the new platform include:

- Single sign-on (same username/password used to access AmSECT)
- Course creation and management tools
- Gamification to make learning even more enjoyable
- Social and collaboration tools

AMERICAN SOCIETY OF
EXTRACORPOREAL TECHNOLOGY
Lead - Collaborate - Educate - Care

AmSECT & IBBM CES-A™ Exam

The Adult Certified ECMO Specialist™ (CES-A™) Exam will be offered three times in 2021. The exam is intended for RNs, RRTs, and other allied health professionals monitoring adult ECMO procedures and circuits.

For more information, visit the IBBM website at <http://intbbm.org/ces-certification/>.

Exam Registration Dates

March 22 – April 30, 2021
June 21 – July 23, 2021
September 20 – October 22, 2021

Exam Dates

May 12- May 14, 2021
August 18- August 20, 2021
November 17- November 19, 2021

Journal of ExtraCorporeal Technology

Journal of the American Society of ExtraCorporeal Technology

AmSECT Mission

The mission of AmSECT is to foster improved patient care and safety by providing for the continuing education and professional needs of the extracorporeal circulation technology community.

Journal Mission

The mission of the Journal is to publish timely information, in a peer reviewed format on extracorporeal circulation. The purpose is to enhance the knowledge, skills, abilities, and general proficiency of the practitioners involved in the conduct of perfusion.

Contact Information

Managing Editor of JECT Journal
American Society of ExtraCorporeal Technology
330 N. Wabash Ave., Suite 2000
Chicago, IL 60611
Phone: (312) 321-5156
Fax: (312) 673-6656
E-mail: ject@amsect.org
Website: www.amsect.org

Description

The American Society of ExtraCorporeal Technology (AmSECT) is a nonprofit professional organization representing the majority of the 3,600 perfusionists in the United States. AmSECT is a corporation chartered in the State of Minnesota and is licensed to operate in the State of Virginia as a foreign corporation.

Society Membership Information

If you would like to receive information for membership to AmSECT, please contact AmSECT at the address above or visit www.amsect.org.

Description

The Journal of ExtraCorporeal Technology (JECT) is the official journal of the American Society of ExtraCorporeal Technology. It contains original papers on topics pertaining to extracorporeal circulation and cardiovascular surgery.

Case reports, techniques and collective review articles are accepted for publication. Also featured are "how to do it" articles, correspondence, and book reviews. The Journal of ExtraCorporeal Technology is indexed in Medline and the Cumulative Index of Nursing and Allied Health Literature (CINAHL). The Journal content is available free online (<http://www.ncbi.nlm.nih.gov/pmc/>) to all researchers and clinicians from PubMed Central® (PMC) at the U.S. National Institutes of Health's National Library of Medicine (NIH/NLM).

Disclaimer

Statements and opinions are those of the author(s) and do not necessarily reflect the opinions of AmSECT, the Editor, or the publisher. Neither AmSECT, the Editor, or the publisher guarantee, warrant, or endorse any product, service, instructions, or ideas contained in the material herein, nor do they guarantee any claim made by the manufacturer of a product or service. No suggested service or technique should be carried out unless, in the reader's judgement, its risk is justified. Because of the rapid changes in perfusion sciences, it is recommended that the reader verify all information. AmSECT disclaims any responsibility or liability for such materials.

Publication

If a manuscript is accepted for publication, all authors must agree upon certain conditions. These conditions include statements regarding conflict of interest, scientific responsibility, exclusive publication, and assignment of copyright.

Subscription Rates

Institutional subscriptions—\$500 USD for print version only, \$995 USD print version plus electronic access. Prices are subject to change. New member subscriptions will begin with the next issue following the month when fees are received, and shall continue for that calendar year.

Address changes must be forwarded 60 days in advance. Journals undeliverable because of incorrect address will be destroyed. Send address changes to the American Society of ExtraCorporeal Technology, Inc.

The Journal of ExtraCorporeal Technology® (ISSN 0022-1058) is published 4 times a year in March, June, September, and December by the American Society of ExtraCorporeal Technology, 330 N. Wabash Ave., Suite 2000, Chicago, IL 60611. Periodicals postage is paid at 540 N. Dearborn St., Chicago, IL 60610, and additional mailing offices. **POSTMASTER:** Send all address changes to the American Society of ExtraCorporeal Technology, 330 N. Wabash Ave., Suite 2000, Chicago, IL 60611.

A background image showing several red blood cells in a microscopic view, rendered in a reddish-orange color. The cells are of various sizes and shapes, some appearing as biconcave discs. The background is a gradient of red and orange.

SO YOU THINK YOU KNOW A LOT ABOUT **BLOOD**?

AmSECT's International Board of Blood Management (IBBM) has two blood management certifications available to perfusionists: Perioperative Blood Management Technologist (PBMT) and Patient Blood Management Specialist (PBMS). This is your chance to prove you know a lot about blood while continuing your perfusion education.

Application Dates:

March 22 – April 30, 2021

June 21 – July 23, 2021

September 20 – October 22, 2021

Exam Dates:

May 12- May 14, 2021

August 18- August 20, 2021

November 17- November 19, 2021
